

Eco-Business Intelligence and UN Environment Programme Finance Initiative are proudly delivering:

ADVANCING AN INCLUSIVE AND CREDIBLE TRANSITION IN SOUTHEAST ASIA

A half-day masterclass workshop on **integrating inclusive finance, transition risk management** and **carbon market integrity** into resilient business and investment strategies.

Designed for mid-to-senior finance, risk, legal, and sustainability professionals across finance, investment, and the real economy

Lead Instructor: Joana Pedro
Social Lead, UNEP Finance Initiative

ADVANCING AN INCLUSIVE AND CREDIBLE TRANSITION IN SOUTHEAST ASIA

Masterclass Agenda:*

- Regional Spotlight: A Region in Motion
 - Lessons from Japan, Malaysia & Indonesia on inclusive transition finance, featuring AIGCC's latest report, Place-based Just Transition
- Insights: Managing Transition Risks in Portfolios
 - Integrating social and transition metrics into investment and lending decisions
- Pathways for Banking & Insurance
 - UNEP FI insights on embedding just transition principles into financial products
- Measuring & Reporting Metrics
 - Tracking social and environmental indicators for credible transition finance

Panel Discussion: Financing an inclusive and credible energy transition

This dialogue explores how finance and industry are accelerating decarbonisation while enabling workforce and community resilience, highlighting transition finance, carbon markets, and inclusive growth mechanisms.

**Agenda may be subject to some changes*

Lead Instructor: Joana Pedro
Social Lead, UNEP Finance Initiative
